SUMMARY

As a recent graduate in Computer engineering with a passion for programming and cloud technologies, I am excited to launch my career as a software engineer/python developer. With knowledge of programming language Python. I have experience in developing web applications & ERP projects. I am eager to learn and work collaboratively with a team of developers to create innovative software solutions that can solve real-world problems.

EXPERIENCE

Software Engineer *(Internship)*

September 2022 – March 2023, Botspot Infoware

- Worked on Odoo(Open ERP) framework in which I learned about XML, Agile methodology & sharpen my knowledge in Python.
- Learned about implementing custom requirement of business into software system, analyzing the requirements and make documentation, development & testing.
- Worked on many projects during this internship, Made few projects from scratch.

UI/UX Designer *(Internship)*

Jan 2022 – April 2022, Phpdots Technologies

- During this internship, I have been assigned to many projects & learned few topics on user experience to upskill my knowledge in UI/UX.
- Learned Figma/Adobe XD/Adobe Photoshop during this Internship.
- Designed Many UI & enhanced my skills in UI/UX designing.
- Made an e-commerce Wrist watch design - **Watchly**.

Data Analysis *(Internship)*

May 2021 - Jun 2021, Vnurture Technologies

- Started my journey in python programming language & learned a basic concepts of python.
- Built a model in Knime- Analysis platform for analyse different types of house price using airbnb datasets.
- Learned different libraries of python- Numpy, Pandas, Matplotlib and foundation of python programming language.

PROJECTS

ERP Projects

Warehouse Supply System

- Technology: Python/Odoo

Letter of Credit Management System

- Technology: Python/Odoo

Workshop Management System

- Technology: Python/Odoo

AfterGlow Mental Health Care Website

- Made a dynamic website based related mental health using Django.
- Made few projects on Django to gain backend knowledge.
- Technology: **Python (Django Framework)**
- Tools: Bootstrap, Figma, Git

EDUCATION

B.E - Computer Engineering

Gandhinagar Institute of Technology, Gandhinagar, Gujarat

Graduated, May 2022 CGPA: 7.85

SKILLS

Tools & Technologies: Python, HTML, CSS, UI/UX Design, Figma/Adobe XD, MVC/MVT Architecture, Agile Methodology, MS Office.

Frameworks: Django, Odoo, Bootstrap.

Operating Systems: Linux, Windows.

Soft Skills: Problem Solving, Time management, Communication, Adaptive.
